INTRODUCTION

How to make a difference in today's wide offer?

Excellence in service, innovation and smooth delivery?

Aromix offers more

From fast product development to merchandising proposal, we follow our partners to grow together.

Starting from raw materials control to packaging design, the end user is the center of all our thoughts.

Aromix branded products as well as OEM range are developed for :

Comfort in use & design,
Silence & maintenance free,
Water saving & environment friendly,

Thanks to production facilities in Taizhou, China together with R&D and design departments in Spain, **Aromix** offers since 1967 innovative sanitary ware products.

Specialized in mixers, showers & Bathroom accessories and valves, our range goes from economic to high end products to meet each market demand.

Customization based on OEM orders represents 2/3 of our output with private labels.

Strict quality control for both incoming parts as well as final products ensure clients and partners a trouble-free cooperation.

Long term partners such as TUCAI, KEROX, NEOPERL support us to develop precise, reliable and safe faucets with smooth water flow.

Why working with us?

- 50 years in sanitary ware => your best insurance
- Dedicated sales team => prompt answer
- Marketing support => original design creation
- Wide range of sanitary ware products => keep your business growing
- Constant developments => stay aware of the latest trends in products
